Who we are

IASC – International Arbitration Seminars and Courses is an association of young practitioners that provides trainings aimed at fostering a deeper understanding of arbitration as a peaceful and effective means of dispute resolution.

GoArb

GoArb is one of the programs organized by IASC since 2016. It is an introductory course based on the analysis of a mock case, through seminars, workshops and networking events. In 2024, we will organise the first edition in Lima, with the collaboration of **Pontificia Universidad Católica del Perú**.

GoArb Lima 2024

GoArb will celebrate its first edition in South America, offering an intensive three-day course in English, with the aim of providing students and young practitioners with the fundamental skills that they need to effectively face their first international arbitrations.
